

FERRIS STATE UNIVERSITY

OFFICE OF INTERNATIONAL EDUCATION

February 12, 2025

Dear Prashant Adihikari,

Fall Semester 2025

Student ID: 12482960

Congratulations! We are delighted to inform you that you have been admitted to the **Bachelor of Science in Information Security and Intelligence** program at Ferris State University. We are pleased that you have selected Ferris as the place to continue your education and pursue your personal goals. We look forward to welcoming you during our International Student Orientation which begins on August 20th, 2025. As you prepare for your visa application process, please be sure to connect with your local Education USA office for resources and advice.

For First Time Students Coming to an American University

You will use the information on your I-20 form to apply for a student visa through the US Consulate or Embassy in your country. The first step will be to pay the \$350.00 SEVIS fee before you go for a visa interview. You can pay the SEVIS fee on-line at www.fmjfee.com. Please consult the Embassy or Consulate website where you intend to apply for specific instructions on how to apply for your visa. You can locate the appropriate US Consulate or Embassy on the USEmbassy.gov website.

For Transfer Students

Please note you must arrive at Ferris State University on or before the program start date on the I-20 immigration document to attend the mandatory International Student Orientation prior to the start of class.

- Attendance at the International Student Orientation is **mandatory** for all new students. If you do not attend the mandatory scheduled orientation, you will be required to pay an additional fee for a makeup session. All students are charged an \$85 orientation fee.
- All international students are **required** to have health insurance. Ferris works with a private health insurance company and all students enroll as they arrive on campus. The fee of approximately \$750.00 USD is added directly to the student's account.

Once again, we congratulate you on your admission to Ferris State University. Ferris is a welcoming campus with many international students from 40 different countries. Please continue to monitor your email for important pre-arrival information. If you have any questions, please feel free to contact us.

Sincerely,

Dr. Tara Braun
Executive Director of International Education
